

In response to the COVID-19 crisis, MHSF is committed to continue to serve Nunez Community College Students, Faculty and Staff. Starting 3/18/2020, our medical and mental health providers will be available either by phone or in person as needed at Nunez Community College Health Center (3710 Paris Rd, Kane Bldg, room A-145). Providers will be available for phone and in person counseling and visits where needed. Access to the health center will require a call to the center for screening prior to coming (504-278-6318). We will be open Monday through Friday from 8:30 am to 2:00 pm. Insurance will be billed where possible, but no out of pocket fees will be collected. Access to the health center will require a call to the center for screening prior to coming.

Currently our health centers do not have the ability to test for COVID-19. We are working closely with our outpatient labs and are awaiting tests. Once received, we will be testing based on the latest CDC guidance.

Please bear with us, as plans are fluid and may change based on the latest information.
